

Policy statement:	Assisted Conception (Using IVF/ICS/IUI -Specialist Fertility Services)
Status:	Not Routinely Funded

MECCG does not routinely fund Specialist Fertility Services- including assisted conception using IVF/ICS/IUI.

These services/procedures have been assessed as a **Low Clinical Priority** by MECCG and will not be funded unless there are **exceptional clinical circumstances**.

Applications for funding for these procedures can be made to the Exceptional Case Team but should only be made where the patient demonstrates true clinical exceptionality.

Further information on applying for funding in exceptional clinical circumstances can be found by clicking the link below and opening the relevant document on the page.
